IP-68
⚠ **ATTN: Please power off the phone before plug in or pull out the SIM card and T-Flash card.**

Charging the battery:
Before charging the battery, ensure that it has been properly inserted into the phone as image shown.

reset

T-Flash card:

Please setup T-flash card before using your phone, otherwise the applications cannot be installed and some functions are not available, for example, camera, recorder, etc.

1. Use the T-Flash card in the phone as USB storage.

Connect the phone with computer by using USB cable. The computer will pop

up the windows to let you install the phone USB driver.

If you only wish to use the the T-Flash card in the phone as a USB storage, you can ignore those windows and click Cancel always. Slide Message Board as shown in the screen below. And then click USB connected->Turn on USB storage to use the T-Flash as USB storage.

You must setup the phone USB driver in your computer if you wish to use the PC Suite to synchronize phonebook, Message, Calender and others with your computer. The phone USB driver can be downloaded from SD-card.

2. Remove the T-Flash card safely

Please enter Settings -> SD card & phone storage -> Unmount SD card to remove the T-Flash card safely.

Using of touch screen:

Single Click: To select an icon. For example, click dial to open the keypad which will be displayed on the screen.

Double Click: To zoom-in or zoom-out. For example, to zoom-in or out of a photo, click twice when viewing a photo or browsing on the internet.

Hold: Click and hold the screen、icon or input box to get more operation options.

1) When clicking on a contact from the contact list for a long time, an operation menu will appear according to the contact list.

2) To rearrange/move an icon to the home screen, click and hold an icon within the menu list.

3)Long-Time Click the blanks of home screen to add home screen shortcut.
