SoundPad
User Manual

To Our Dearest Valuable Customers

Thank you for choosing our products, truly honored to enrich your life by providing series of amazing products. Before using any of our products, please read the user manual coming with the package to avoid any incorrect operation or damage.

ⓘ Important Safety Instructions

```
                    ┌──────────────────────┐
    ⚡                │       WARNING        │      ⚠
   (triangle)        │ RISK OF ELECTRIC SHOCK │   (triangle)
                    │     DO NOT OPEN       │
                    └──────────────────────┘
```

WARNING: TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT REMOVE COVER OR BACK. NO USER-SERVICEABLE PARTS INSIDE. REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.

⚡ The lightning flash with arrow head symbol, within an equilateral triangle is intended to alert the user that parts inside the product constitute a risk of electric shock to persons.

⚠ The exclamation point within an equilateral triangle is intended to alert the user that important operating and servicing instructions are in the papers with the appliance.

1 Read these instructions.
2 Keep these instructions.
3 Heed all warnings.
4 Follow all instructions.
5 Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
6 Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the unit.
7 Only use attachments/accessories specified by the manufacturer.

8 Refer all servicing to qualified service personnel. Servicing is required when the unit has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the unit, the unit has been exposed to rain or moisture, does not operate normally, or has been dropped.
9 Do not install near any heat sources such as radiators, heat registers, stoves, or other units (including amplifiers) that produce heat.
10 Unplug this unit during lightning storms or when unused for long periods of time.

● Warning

- All packing materials such as internal bags, plastic collars, plastic films, and carton inserts are not part of this product and should be discarded.
- Do not try to disassemble the unit.
- Only use a wall outlet to charge your SoundPad and the power adapter that came with the device.
- Do not expose the unit to moisture or water.
- Keep the unit clean by wiping it with a slightly damp cloth.
- Never use SoundPad while operating a motor vehicle or bicycle.
- If you feel discomfort in your hands or any pain using SoundPad, please stop immediately.
- In case of long periods of use, take frequent breaks.
- Never force a connector into a port of SoundPad. If a connector and a port do not join with reasonable force, make sure that the connector matches the port and that you have positioned the connector correctly in relation to the port.
- To clean the screen, simply use a soft damp cloth. Do not use alcohol, solvent, aerosol spray or abrasive cleaners to clean your SoundPad.
- The product and the adapter should be periodically examined for conditions that may result in the risk of fire, electric shock, or injury to persons and that, in an event such conditions, the adapter should not be used until properly repaired.
- Operate SoundPad in a place where the temperature is between 0º and 35ºC (32º to 95ºF). Low or high temperature conditions might temporarily shorten battery life or cause SoundPad to temporarily stop working properly. Avoid dramatic changes in temperature or humidity when using SoundPad, as condensation may form on or within SoundPad.
- Store SoundPad in a place where the temperature is between -20º and 45ºC (-4º to 113ºF). Don't leave SoundPad in your car because temperatures in parked cars can exceed this range.
- When you're using SoundPad or charging the battery, it is normal for SoundPad to get warm. The exterior of SoundPad functions as a cooling surface that transfers heat from inside the unit to the cooler air outside.
- The rechargeable battery in SoundPad should be replaced only by Manufacturer's Service.
- Do not expose a battery pack or installed batteries to excessive heat such as sunshine, fire or the like.

- If you will not use SoundPad frequently, then we recommend that you fully charge and discharge the battery every three months in order to maximize the battery lifespan.
- If you will not use SoundPad frequently, then we recommend that you keep the battery level at around 50 percent in order to maximize the battery life span.
- If SoundPad has not been used for a long period of time, then the battery might be in an over-discharge protection mode and take longer to charge.
- This device is restricted to indoor use when operating in the 2.4 to 2.483 GHz frequency band.
- The Wi-Fi function and the Bluetooth function can simultaneously operate, but can not simultaneously transmit.
- Never remove or insert microSD card while the SoundPad is powered on.
- The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.
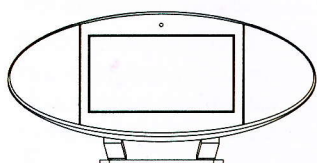

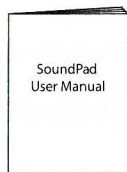

Content

① Package Contents

The following items are included with the SoundPad:

- *Images throughout this Quick Start Guide are for illustrative purposes only and may differ from the actual product.*

SoundPad	User Manual	IR remote controller (optional)
Adapter DC 12V 1.5A	Micro-USB Cable	

- *This power adapter is only for reference, it may vary in different countries.*

② Product specification Tech Specs

Model	SoundPad	
Dimensions (mm)	326 × 110 × 160	
Weight (KG)	1.5 (with package)	
Storage	RAM 1G, ROM 8G	
Screen diagonal size (inch)	7	
Screen resolution	1024 × 600 (multi-touch)	
Power supply	**Battery**	3.7V 3000 mAh Li-Battery	
	Adapter	DC 12V-1.5A adapter	
	Charging time	2 hours	
	Standby time	72 hours (Wi-Fi and Bluetooth Off)	
	Working time	video streaming (default volume)	3 hours
		Music streaming (screen off)	7 hours
		Bluetooth streaming (screen off)	6 hours
		Web viewing using Wi-Fi	3 hours
Memory card	Micro SD/TF card 2GB ~ 32GB	
Environment Conditions	Temperature 0℃ ~ 40℃ Humidity 60% ~ 80% RH	

| file formats supported as below:

		USB	Connect to Micro-USB cable. Connect to a computer, keyboard, more other devices with USB port.
		LINE IN	Input music from other devices.
		DC-12V	Power input

(5) Making Connections

● Connecting DC-12V (Power input)

Charge your SoundPad

Plug your SoundPad into a wall outlet using the power adapter included with your accessories.

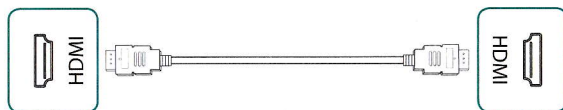

Built-in battery management and charging

- The battery icon in the Screen shows the battery level or charging status.

- For the first use, please fully charge the device with the DC adapter in the package. For the first 2 times, it will take about 6 hours for fully charge, after that it will only take you 2 to 3 hours to fully charge it.

- This device comes with Built-in li-battery, and you have to choose our standard DC adapter (output: DC12V, 1.5A). If you charge the device when it shuted down, the battery icon will roll in white. If you charge the device when it works, the icon in right bottom will be in lightning shaped. When it is fully charged, the icon will turn to be full white, and stop rolling.

☑ **NOTES**

- *If long time no use, at least you need to use it to release all battery power, then full charged it before you put it away, so as to make the device much longer working life.*

- *If the SoundPad shutdown because of low power automatically, you need to wait for a little while to restart up the device until the device charged enough.*

- *If you keep the SoundPad working and charging at the same time, it will take longer time for full charging.*

- *If the SoundPad is out of enough power, the system will be shuted down automatically.*

- *This power adapter is only for reference, it may vary in different countries.*

⑦ Troubleshooting

When there appears to be an issue with your SoundPad, refer to the tips listed below for a resolution. If the problem still cannot be solved, then contact the local seller's Consumer Care Center or a professional technician.

● SoundPad displays network or service error message

- When you are located in places with poor signals, then your SoundPad may not be able to connect. Try to move to other places to get a stronger signal strength.
- If you do not make a reservation, some of the options can not be used. Please contact your service provider for more details.

● Touch screen response is slow or incorrect

If the SoundPad's touch screen response is incorrect, please try the following:
- Remove any protective film of the touch screen. The protective film may prevent the device recognition input.
- Make sure that you are fingers are dry and clean before you tap the touch screen.
- Restart the SoundPad to clear any temporary software bugs.
- Make sure that the SoundPad's software has been upgraded to the latest version.

● SoundPad is frozen or a serious error appears

- If the SoundPad is frozen or suspended, you may need to close the app program or reset the tablet.
- If the SoundPad is frozen or slow to respond, press and hold the RESET for 8 seconds to the reset the tablet.
- If the problem persists, restore the factory data.

● SoundPad gets warm

When you use your device for a long time, the SoundPad may be warm to the touch. This is normal and will not affect the life or performance of the unit.

● SoundPad no voice

When you play music or watch movie through the source inside SoundPad, or play music through connecting your phone or tablet via Line in, but no voice come out, please check if the SoundPad is connected with your phone or tablet via Bluetooth. In Bluetooth mode, all voice is transfered via Bluetooth.
You can turn off the Bluetooth in your phone or tablet, or press the Bluetooth icon in the remote controller to disconnect it, then you can play music or watch music in SoundPad normally.

⚠ Appendix

Certification and Compliance

● Declaration of RoHS Compliance

ComplianceTo minimize the environmental impact and take more responsibility to the earth we live in, this document shall serve as formal declaration that the MA-327 is in compliance with the Directive 2011/65/EU of the European Parliament - RoHS (Restriction of Hazardous Substances) with respect to the following substances:

(1) Lead (Pb)

(2) Mercury (Hg)

(3) Cadmium (Cd)

(4) Hexavalent Chromium (Cr (VI))

(5) Polybrominated biphenyls (PBB's)

(6) Polybrominated biphenyl ethers (PBDE's)

(Compliance is evidenced by written declaration from our suppliers, assuring that any potential trace contamination levels of the substances listed above are below the maximum level set by 2011/65/EU, or are exempt due to their application.)

MA-327 meets the requirements of 2011/65/EU

● CE Certification

It is hereby declared that the following designated product:

C E ①

Product Type: SoundPad

Model No.: MA-327

Complies with the essential protection requirements of the Radio and Telecommunication Terminal Equipment Directive (EC Directive 1999/5/EC).

This declaration applies to all specimens manufactured identical to the samples submitted for testing/evaluation.

Assessment of compliance of the product with the requirements relating to the Radio and Telecommunication Terminal Equipment Directive (EC Directive 1999/5/EC) was performed by Shenzhen NTEK Testing Technology, based on the following standards:

● Disposal and Recycling Information

The symbol means that according to local laws and regulations your product should be disposed of separately from household waste. When this product reaches its end of life, take it to a collection point designated by local authorities. Some collection points accept products for free. The separate collection and recycling of your product at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment.
