Patented design for anti-asthenopia, compact, lightweight, eyeglass design that is easy to carry

Adjustable volume and brightness

Unfixable earphone with standard 2.5mm interface

◆ Note

Do not use any other adapter or batteries. Only use the adapter provided and batteries specified by us.

Do not use product in hot areas or in places under direct sunlight for long periods.

Do not leave product in very moist or humid places, such as in the rain, snow, fog, or a steamy bathroom.

Do not use it if it has condensation inside or if your hands are wet in order to avoid damages.

Do not use any heavy item to distort or alter the product.

Do not hit and scratch the lens with sharp items. This will destroy the precise optics inside. Do not expose or wear in very dusty environments. Frequently rub down with LCD or other glass cleaning paper to keep the glasses clean.

On the product, the glasses legs are equipped with a positioned mechanism; please do not sway the legs excessively in order to avoid damages.

When separating product from audio and video equipment or entering the signal cable, please grip the cable terminal, not the line.

When using the power adapter, first check whether the supply voltage conforms to your required area. This is in order to avoid destroying the product by burning the electric circuit.

◆ Connected to the computer

1. First, connect the USB
2. Connect the VGA port
3. Connect 3.5 headphone port--A
4. Connect 3.5 microphone port--M
5. Connected to the computer, Set the resolution 1280x720 @ 60Hz

Note : Recommended resolution Laptop : 1024*768@60Hz for best use of resolution
Desktop computers: 1280*720@60Hz for best use of resolution

◆ SPECIFICATIONS

- 1: Image
Display: 1230k LCD
Resolution: full colors 1230K 854x480 pixels;
Viewing angle: diagonal 32 degree
Virtual Screen: 98inch virtual screen (5m away)
Contrast: 64:1
Color: black
Color depth: 24Bit
- 2: VGA signal: 0.7Vp-p, 75Ω
Input resolution: 1280*720@60Hz 800*600@60Hz
1024*768@60Hz 640*480@60Hz
- 3: Sound: 1Vp-p, 600Ω
Audio output: 80mW 32Ω
- 4: Power supply
Adapter: 5V/1.5A VDE/CE/BS/CCC/UL/SAA
Input: 100~220AC, 50 hz/60hz,
Output: 5V/1.5ADC, φ3.0/1.7, Length: 1500mm
- 5: Power consumption
Glasses operating 1.2 W
- 6: Storage and operating surrounding requirement
Operating: temperature -5°—55° humidity maximum 90%
Storage: temperature -10°—70° humidity maximum 95%
- 7: Use temperature
Operating: temperature -5°—55°
Storage: temperature -10°—70°
- 8: Weight about 110g(not contain Eye shield)
