

Professional YT-8B Dynamic Microphone User Manual

GENERAL

- The microphone is dynamic microphone with a strong, wire-mesh, spherical front grille that contains a highly effective wind and pop filter.
- Adopting cardioid dynamic cartridge with highly consistency, it creates superb isolation and unsurpassed gain-before-feedback, and is optimized for using in vocal, speaking and instrument performances. The feature of noise absorption eliminates external and handling noise.
- The microphone provides excellent vocal or speech reproduction on lecterns and stages, and is a popular choice for use in public auditoriums, churches, convention halls, and schools.
