M6

Magnet
Floating
BT-Speaker

Dear customer:

Thank you for purchasing M6 Magnet Floating Bluetooth Speaker.
Please read this user guide carefully before operation and save these instructions for future reference.

Packaging included:

- | | |
|---------------------------------|-------|
| 1. M6 Bluetooth Speaker----- | 1 pcs |
| 2. Magnet base ----- | 1 pcs |
| 3. Power adapter (DC 15V) ----- | 1 pcs |
| 4. USB Charger ----- | 1 pcs |
| 5. User manual ----- | 1 pcs |

Functions:

1. Automatic wireless charging
2. Spinning speaker
3. TF Card mode
4. Hands free function

Features:

1. Exclusive patent - magnetic levitation technology
2. Magnetic speaker suspended in mid-air, playing music with rotating.
3. 360 degree surround sound effect, with 5W speaker, providing wonderful sound effect.
4. The exclusive use of wireless charging technology, uninterrupted power supply to speaker.
5. CNC machining technology, touch-sensitive keys.

Specifications:

- Output Power: 5W
- Battery: 800mAh , 3.7V
- Frequency response: 100Hz-20KHz
- Charge voltage(Speaker): 5V, 500mA
- Input voltage(Pedestal): 15V, 1A
- Product Size: Ø86x42mm(Speaker), Ø167.5x38mm(Pedestal)
- Product Weight: 258g(Speaker), 1608g(Pedestal)
- Music Playing Time (max volume): more than 2.5 hrs
- Standby time: more than 40 hrs

Function Keys:

1. ON/OFF
2. TF Card Slot
3. USB Port (Charging)
4. Pressing area(Press this area to open TF Card Slot/USB Interface, will bounce on the left side)
5. Vol-/Previous song
6. Play/Pause/Phone/Mode switch
7. Vol+/Next song

1.ON/OFF :

Long press ON/OFF key to power on/off.

2. Bluetooth Connection :

Long press ON/OFF key to power on. Search device name "M6" by cell phone or computer or other device, typically this is done by going to the "Bluetooth", "Set Up" or "Connect" menu. Click "M6" to connect, speaker vocalize connection successful.

3. Music play/pause(touch-sensitive keys):

When playing music

1. Click " ►► " key to stop music, click again to play music.
2. Click " ◀◀ / - " key to the previous song.
3. Click " + / ►► " key to the next song.
4. Long Press " ◀◀ / - " key to decrease speaker volume.
5. Long Press " + / ►► " key to increase speaker volume.

4. Hands Free:

1. When there comes a call, click "▶||" key to answer, double-click to refuse answer.
2. When answering a call, click "▶||" to end the call.

5. Mode switch(Bluetooth-TF Card):

In the boot state,

1. Speaker will into Bluetooth mode after latest play with Bluetooth mode, long press "▶||" key to turn to TF Card mode(TF Card inserted in port); insert TF Card speaker automatically turn to TF Card mode.
2. Speaker will into TF Card mode after latest play with TF Card mode (TF Card inserted in port), long press "▶||" key to turn to Bluetooth mode.

Play/Pause/Phone/Mode switch

6. Power supply/charging:

Power base

Insert one of the end of power adapter to the DC port, insert the other end to the electrical socket, blue light on, the magnetic force increase, then can put the speaker on the base.

Charging

1. Speaker can be charged by computer with USB cable.
2. Speaker can be charged by power adapter(current>500mA), suggest use 1A power adapter.
3. Speaker can be charged by the magnetic power base, even though power on/off. (current>500mA)
 - The light turns red while charging, turns green when full charge.
 - Please ensure the speaker is full charged when first use.
 - When the battery is used up, the speaker need to be charge over 0.5 h our to start up.

Steps:

1. Power on to connect to Bluetooth device/ insert TF Card, music play.

2. Insert one of the end of power adapter to the DC port, insert the other end to the electrical socket, the blue light will come to on, the magnetic force increase.

3. Let speaker downward toward base vertically, find the vertical center point at 16-18mm from the base. Please be careful to hold the speaker tightly to avoid that speaker stuck by the edge of powerful magnet base.

4. The force of center lifts the speaker on the air when place is correct, light turns blue. Slowly peel your hands away from the speaker when it floats smoothly. Do not leave the speaker while out off balance.

5. Turn off. Please move the speaker first, then take off the electric socket, blue light turns off, power off. Please have a safe keeping of the base and speaker.

- Please obey the prescribed procedure to operate and put it into stable place to avoid dropping and personal injury.
- Please be careful to use so you do not smash your fingers by the speaker and base; Make sure the speaker away from the base when you take off the speaker.

Warm Tips:

WARNING! STRONG MAGNETIC HAZARD: TO REDUCE THE RISK OF DAMAGE, DO NOT PLACE THIS PRODUCT NEAR FERROMAGNETIC MATERIALS.

Please read and follow these instruction, beware all warnings, and keep this document for future reference.

1. Keep the machine away from magnets and iron products , avoid product damage or adsorption of objects when the magnetic attraction (to dislodge Cracks), or injury to the user.
2. Please keep machine away from magnetized items, such as floppy disks, credit cards, computer monitors, watches, cell phones, medical equipment, etc.
3. To avoid damage to your hearing and prolong the speaker's use-life, please don't listen to music for long time in high volume environment.
4. In a failure, please turn off the switch and unplug the power cable to avoid damage of speaker and other components.
5. The low battery will affect the Bluetooth distance or Bluetooth easily disconnected, please charge in time.
6. Keep the speaker away from heat. (e.g. radiators, heat registers ,stoves, open flame, such as lighted candles, or other heat-producing devices.)
7. Speaker should be used in a specified voltage, or it may cause electric shock, damage or fire .
8. Do not remove the pack or change the structure privately, this may lead to electric shock, fire or electric leakage.
9. Place the product in a proper place to avoid injury to children.
10. This is not a toy, children under 8 are forbidden to use.
