2. Safety Instructions

Safety Warnings and Precautions

Please read these Precautions to ensure the correct use of the Smart Watch Phone before using it.

- Please shut down the Smart Watch Phone when you are on the plane, in the hospital or other places where mobile phone is forbidden to use, otherwise it will affect the normal work of the electronic equipments and medical instruments. If you use the Smart Watch Phone in these places, please comply with the relevant provisions of the place.

Please abide by the laws, regulations and related markers near the fuels, chemicals or explosives.

Please do not use the Smart Watch Phone if the signal is weak or you are in the vicinity of high precision electronic equipments. Radio

interference may cause the erroneous operation of these electronic equipments or other problems. Special attention is required when near the equipments like: hearing aids, pacemakers and other medical devices, fire detectors, automatic doors and other automatic control devices. Please consult the manufacturer or its local agents for learning the impacts on the equipments.

Note of Using Smart Watch Phone

Please do not disassemble or remodel the Smart Watch Phone, otherwise it will cause damage, leakage of the Smart Watch Phone. If you need to disassemble it, please send it to the professional repair point. Non professional personnel shall not dismantle the Smart Watch Phone.

Please do not knock on the LCD screen or knock other things with the screen, otherwise it will cause the leakage of liquid crystal. It's dangerous if the liquid crystal flows into the eyes which will be riskily blinded. If it does flow into the eyes, please immediately flush eyes with water (do not rub the eye) and ask for help of the doctors.

Please do not use needle or sharp pen to touch the screen, otherwise it will damage the Smart Watch Phone or cause misoperation.

Please avoid the Smart Watch Phone is too close to the magnetic objects, like magnetic cards, because watch phone radiation may remove the information stored on the floppy disk, stored value card or credit card.

Please avoid the moisture, water or other liquid into the machine because it may cause short circuit, leakage and other troubles to the

Smart Watch Phone.
