

Instructions (English)

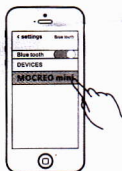

STEP 1

STEP 2

Press the Power ON/OFF Button in about 5 seconds, then Blue tooth activated and the LED indicator will be flashing in red and blue.

Active the Blue tooth on your phone or tablet pc.

STEP 3

STEP 4

Search the '**MOCREO mini**' on your device and connect. A blue light flashes while the Blue tooth is successfully connected.

Once connected, you can stream audio wireless from any player APP in your iPad / iPhone / iPod or any other Blue tooth-enabled device when in range.

Please refer to <http://mocreo.com> for more detailed user's guide.
