Caution

Please read and observe all warnings and instructions in this owner's manual and those marked on the unit. Retain this booklet for future reference.

There are two kinds of alarm symbols as follows:

⚠️ WARNING

The lightening flash with arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of dangerous voltage within the product, an enclosure that may be of sufficient magnitude to constitute a risk of electric shock to people.

⚠️ CAUTION

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the product.

---

⚠️ WARNING

Installation of all TV monitors must be out of the driver's field of sight.

Do not mount the product where it will obstruct the deployment of the airbag or in an area where it would affect the vehicular control. Also be careful to avoid mounting the product where it can become hazardous during sudden stops or in the event of an accident.

Do not try and service these products yourself. Seek only a qualified service center or factory service center.

Use extra caution with any liquids in your car. If you or your child spill any liquid on these products, pull your vehicle to the roadside and turn the key off to disconnect or wipe the products with a towel. Do not operate the equipment until all liquids have evaporated or you have had the monitor inspected at a service center by a qualified technician. Severe harm or danger can be incurred.

Be careful not to drop or apply under pressure to the front panel of your video monitor. If the screen cracks due to misuse, your warranty will be void!

Be careful not to overload your cigarette lighter plug by adding more than one device at a time.

Use only a damp cloth to clean the screen and use only purified water on the cloth, wring out all excess water prior to wiping the screen. Do not use any cleaners or chemicals to clean the screen. In most cases a dry cloth will do!
Remote Control Eye.
This allows transmitting the remote control’s IR signals for controlling all functions of your monitor.

*Caution*

Do not bring magnetic devices such as credit card or magnetic card near the monitor.
**Power And Mode Selection**

- **POWER ON/OFF**
  Select desired POWER ON/OFF by pressing the button on the unit or on the remote control.
