Bluetooth wireless technology allows you to connect compatible communication devices without cables. A Bluetooth connection does not require that the phone and the headset be in line of sight, but the devices should be within 10 meters of each other. Connections can be subject to interference from obstructions, such as walls, or other electronic devices. The headset is compliant with the Bluetooth Specification 2.0 + EDR, supporting the following profiles: Bluetooth V1.1 and Bluetooth V1.2.

Overview
The headset contains the following parts:
- Charger connector (A)
- Multi-function button (B)
- LED (C)
- Speaker (D)
- Volume button (E)
- Microphone (F)
- Earhook (G)

**Specifications**
- Product Model No.: BT-90
- Standard convention: Bluetooth V2.0 + EDR, Class II
- Frequency Band: 2.4GHz - 2.4835GHz ISM Band
- Talk time: 5 hours
- Standby time: 90 hours
- Supporting Profiles: headset/handsfree
- Connection: Peer to Peer
- Power Capacity: Rechargeable Li-Polymer
- Power Supply: DC5.1V, 100-240V AC adapter
- Operation Temperature: -10-55°C
- Facility Saving Temperature: -20-60°C
- Operation Moisture: 10%-90% (non-concrete status)
- Weight: 13g

**INDICATOR LIGHTS**
- Blue LED indicator light will flash every 1 second.
- 1. Red LED indicator light will turn off.
- 2. Blue LED indicator light will flash every 1 second.
- 3. Blue LED indicator light will flash every 3 seconds.
- 4. Blue LED indicator light will flash every 1 second.
1. Make sure the headset is running in pairing mode for the first time. Then search the headset from your phone, connecting. If it paired successfully and connected, just power on the headset next time, it will be auto connected.

2. The PIN code of the headset is "0000".

3. Some functionality about the headset needs your phone and the network of your phone support. Such as voice dialing, phone on hold, and so on.

4. Pairing the Bluetooth headset with your PS3 console:
   - Fully charge your Bluetooth headset via USB cable provided.
   - Press and hold the "ANSWER" button on the front of the Bluetooth headset for about 10 seconds. When the flashing blue LED is on, this indicates that the headset is in Bluetooth discovery mode.
   - In your PS3 console's home menu go to: settings > accessory settings > manage Bluetooth devices.
   - Select YES when asked if you would like to register the Bluetooth device.
   - Select STAR SCANING. The PS3 system will scan for the Bluetooth headset, creating a list of all Bluetooth devices within range. Whilst the console is scanning for the headset, hold down the "ANSWER" button until the flashing blue LED is on continuously.
   - Select the Bluetooth headset (BT-90) from the list and enter pass code "0000".
   - In your PS3 console's home menu go to: settings > accessory settings > audio device settings > select input device and choose Bluetooth headset (BT-90). Select OK and your headset is now paired with the PS3 console.

5. Care and maintenance:
   - You device is a product of superior design and craftsmanship and should be treated with care. The suggestions below will help you protect your warranty coverage.
   - Keep all accessories and enhancements out of the reach of small children.
   - Keep the device dry. Precipitation, humidity, and all types of liquids or moisture can contain minerals that will corrode electronic circuits. If your device does get wet, allow it to dry completely.
   - Do not store the device in dusty, dirty areas. Its moving parts and electronic components can be damaged.
   - Do not store the device in hot areas. High temperatures can shorter the life of electronic devices, damage batteries, and warp or melt certain plastics.
   - Do not store the device in cold areas. When the device returns to its normal temperature, moisture can form inside the device and damage electronic circuit boards.
   - Do not attempt to open the device.
   - Do not drop, knock, or shake the device. Rough handling can break internal circuit boards and fine mechanics.
   - Do not use harsh chemicals, cleaning solvents, or strong detergents to clean the device.
   - Do not paint the device. Paint can clog the moving parts and prevent proper operation.
   - All of the above suggestions apply equally to your device, battery, charger, or any enhancement. If any device is not working properly take it to the nearest authorized service facility for service.

Note: Please do not store the Bluetooth headset surpass on month without using. The battery would release automatic out of control. Remember to recharge at least once a month; battery life would be extended.
