Getting to Know Your Phone

Power Key

- Press and hold to power on, select phone modes, turn on/off airplane mode, reboot, or power off.
- Press to turn off or on the screen display.

Home Key

- Touch to return to the home screen from any application or screen.
- Touch and hold to open Google search.

Menu Key

- Touch to get the options for the current screen.
- Touch and hold to see recently used applications.

Back Key

- Touch to go to the previous screen.

Volume Key

- Press or hold either end to turn the volume up or down.

Before Getting Started

- Use an ejector to open the SIM card tray.

- Place the SIM card into the SIM card tray and then slide it into the slot, as shown below.

- 3. Use the ejector to open the microSDHC card tray.

- 4. Place the microSDHC card into the microSDHC card tray and then slide it into the slot.

NOTE:

The microSDHC logo  is a trademark of the SD-3C, LLC.

Charging the Battery

When you first get your new phone you might need to charge the battery.

WARNING! Use only ZTE-approved chargers and cables. The use of unapproved accessories could damage your phone or cause the battery to explode.

- 1. Connect the adapter to the charger jack.

- 2. Connect the charger to a standard AC wall outlet.
- 3. Disconnect the charger when the battery is fully charged.

Powering On/Off

Make sure the SIM card is in your phone and the battery is charged.

- Press and hold the **Power Key** to turn on your phone.
- To turn it off, press and hold the **Power Key** to open the options menu. Touch **Power off** and then touch OK.

CAUTION: Do not touch the **Volume Key** when powering on the phone.

NOTE:

If the phone freezes or takes too long to respond, try pressing and holding the **Power Key** for about 8 seconds to power off.

Waking Up Your Phone

Your phone automatically goes into sleep mode when it is not in use for some time. The display is turned off to save power and the keys are locked

to prevent accidental operations.

You can wake up phone by turning on the display and unlocking the keys.

1. Press the **Power Key** to turn the screen on.
2. Press and hold  at the center of the screen.

NOTE:

If you have set an unlock pattern, PIN or password for your phone, you'll need to draw the pattern or enter the PIN/password to unlock.

Using the Touch Screen

Your phone's touch screen lets you control actions through a variety of touch gestures.

- Touch
When you want to type using the onscreen keyboard, select items onscreen such as application and settings icons, or press onscreen buttons, simply touch them with your finger.
- Touch and Hold
To open the available options for an item (for example, a message or link in a Web page), touch and hold the item.
- Swipe or Slide
To swipe or slide means to quickly drag your finger vertically or horizontally across the screen.
- Drag
To drag, press and hold your finger with

some pressure before you start to move your finger. While dragging, do not release your finger until you have reached the target position.

- Pinch
In some apps (such as Maps, Browser, and Gallery), you can zoom in and out by placing two fingers on the screen at once and pinching them together (to zoom out) or spreading them apart (to zoom in).
- Rotate the screen
For most screens, you can automatically change the screen orientation from portrait to landscape by turning the phone sideways.
