2 User Guide

2.1 Installing/Removing the battery

1) Installing the battery

- With the top of battery (the terminal with pole) facing right toward the contacting points in the battery compartment, press the bottom of battery slightly until it enters into place;
2) Removing the battery
- Long press end key to switch the phone off;
- Slide downward the battery cover;
- Use your nail to lightly lift the battery away.

2.2 Charging the battery
Your phone is powered by a rechargeable battery. When the battery is weak, the battery sensor informs you. At this time, you need charge the battery. When the battery becomes too weak for the phone to operate, it switches off automatically.

1) Plug the charger into the charger port at the bottom of the phone, and then plug the other end of the charger into the appropriate electrical outlet.
2) When charging is complete, disconnect the connector from the phone and unplug the charger from electrical outlet.

2.3 Inserting/Removing the SIM card
The mobile supports two SIM cards on-line at one time. The method of the two SIM cards of inserting or removing is same.

a) Inserting: make sure that the phone is already switched off and is not charging:
- Remove the battery;
- Contacting points downwards. slide the card into the carrier;
- Insert battery.

b) Removing: make sure that the phone is already switched off:
- Remove the battery;
- Slide the card downward out of the carrier;
- Insert battery.

2.4 T-Flash card use
2.4.1 Installing/Removing T-Flash card
This mobile supports the T-Flash card feature. Make sure that the T-Flash card has already inserted into mobile. T-Flash card slot locate at the right top of the SIM card.

1) Installing
- Power off, and remove the battery;
- Make contacting points downwards. Ensure the angled corner is positioned correctly and slide the card into the carrier;
- Lock it.
2) Removing
- Power off, and remove the battery;
- Take out T-Flash card.

2.5 Power On or Off
Make sure the battery is already inserted:

1) Power On: Hold down end key until the phone-on image display. After power on, the phone searches for your network automatically. Some SIM card is protected by the PIN number, if you are asked for inputting the PIN number, please enter it, then press left soft key.

2) Power Off: Hold down end key until the power-off image display.

3 Call Functions
3.1 Making a Call
When you want a call, press the phone keypad to input the area code and phone number. Click left soft key to save, select To SIM1/2, or To phone.

Press and hold down 0 key until character “+” appears, and then you can dial an international number. (The ‘+’ stands for international dial code.) Press dial key to dial the number. If the number is stored with a name, it appears on the display.
when you dial the number.

Only in GSM system coverage, you can make an emergency call, even though the phone is locked, without SIM card, or cannot enroll to the system.

3.2 Answering a Call

When somebody calls you, the phone rings, Answer the call by pressing dial keys. Press end key to end the call.

3.3 H-Free/H-Held

During a call, press right soft key to select “H-Free”, then the speaker is enabled. To disable the hands free function, press right soft key to select “H-Held”, then the receiver is enabled.

4 Phonebook

This feature allows you to store phone numbers and their corresponding names in the memory of your SIM card and phone's memories.

4.1 Phonebook

4.1.1 Add new contact

Add new entry and related information to phonebook.

1) Press navigation key to move the cursor to “Add new contact”, first, confirm the storage media in <Preferred storage>: To SIM1, To SIM2, To phone.

2) If preferred storage is phone, then input Name, Number, Caller ringtone.

5 Messaging

User can send text and multimedia messages.

5.1 Write message

5.1.1 Text message

Write new message for sending. During editing the message, press left soft key to operate:

- Send to: enter number or add from phonebook. You can add many numbers.
- Input method: select input method.
- Advanced:
  - Insert number: insert the contact number from phonebook into message.
  - Insert name: insert the contact name from phonebook into message.
  - Insert bookmark: insert bookmark into text.
  - Save to Drafts: save the message to draft of SIM1 or SIM2.
