Before Getting Started

Installing the micro-SIM Card

Switch off your phone before installing the micro-SIM card.

1. Using the thimble take out the card holder.

2. Hold the micro-SIM card with the cut corner oriented as shown and slip it into the card holder.

CAUTION:

- To avoid damage to the phone, please do not use other kinds of SIM cards, and do not use a non-standard micro-SIM card cut from a SIM card. You can get the standard micro-SIM card from your service provider.
- To avoid damage to the phone, please switch off your phone before installing the micro-SIM card.

Charging the Battery

When you first get your new phone you'll need to charge the battery like this:

1. Connect the adapter to the charging jack.
2. Connect the charger to a standard AC power outlet.
3. Disconnect the charger when the battery is fully charged.

WARNING! Use only ZTE-approved chargers and cables. The use of unapproved accessories could damage your phone or cause the battery to explode.

CAUTION: Do not change the built-in rechargeable battery in your phone by yourself. The battery can only be changed by ZTE or ZTE authorised service provider.

NOTE: If the battery is extremely low, you may be unable to power on the phone even when it is being charged. In this case, try again after charging the phone for at least 10 min-

utes. Contact customer service if you still cannot power on the phone after prolonged charging.

Using the Touch Screen

Your phone's touch screen lets you control actions through a variety of touch gestures.

- Touch
When you want to type using the onscreen keyboard, select items onscreen such as application and settings icons, or press onscreen buttons, simply touch them with your finger.

- Touch and Hold
To open the available options for an item (for example, a message or link in a Web page), touch and hold the item.
- Swipe or Slide
To swipe or slide means to quickly drag your finger vertically or horizontally across the screen.
- Drag
To drag, press and hold your finger with some pressure before you start to move your finger. While dragging, do not release your finger until you have reached the target position.
- Pinch
In some apps (such as Maps, Browser, and Gallery), you can zoom in and out by placing two fingers on the screen at once and pinching them together (to zoom out) or spreading them apart (to zoom in).
- Rotate the screen
For most screens, you can automatically change the screen orientation from portrait to landscape by turning the phone sideways.
