

Singing Table

Instruction Pamphlet

Scene One

i-Jerry's Dream

i-jerry's Theater

i-Jerry comes back with honor

This is a smart and enthusiastic fellow—he is a mouse, a scheming mouse, named i-jerry. He is looking for his own family and the value of belonging in this super huge world. His spirit and courage in searching the true value of happiness, which has become an example for us in pursuing our dreams.

I-jerry, our fashionable and lovely jerry, brings us back to the happy time. Remembered of when we were little children, we once dreamed for such a lovely doll like i-jerry, but left only sigh in the face of little jerry.

Now i-jerry comes!

Let us throw off all the pressures to enjoy in the musical sunlight!

Look! This is i-jerry, an up-dated product

You can adjust the volume on its two big ears, and there are a gray button which controls the player on its face. With a mouse's dexterity for mouse year's fortune, let i-jerry sing for you beside your bed, let your sweet dream comes true!

Lovely i-jerry Dexterity i-jerry
Sagacious i-jerry Brave i-jerry

Scene Two

i-Jerry's Hobby

i-jerry's Theater

i-Jerry's mystery of cute

I-jerry is divided into two kinds of patterns, one with MP3 chip and 2G memory inside, and the other needs connect the outside audio resource. Please check i-jerry's packing carefully when you take it home. I-jerry takes the technology of the super-energy crystal material. According to the object resonating sound production principle, it might cause any plane to sing loudly through i-jerry's mouth, such as wood, glass and other materials plane. Besides, it is waterproofing, corrosion preventing and environmental protecting, which will bring magic to every corner!

Let's understand this kid together!

Scene Three

i-Jerry's Power

i-jerry's Theater

i-Jerry's private file

Height: Only 12.8 cm, the condensed is the best.

Weight: Only 740 grams, free for you to carry it travelling. It is a pocket i-jerry, with music in your pocket.

Heart: If you select the i-jerry with MP3, your jerry owns the super-energy crystal and 2G capability memory. You can store music into i-jerry directly, (it won't function if you purchased the i-jerry with no-memory). The traditional sound box can only rely on the electric signal to sing without sentiment, but i-jerry is different, it can invite the table to join in the chorus. i-jerry's charm lies in the super-energy crystal. It can carry over sound in separating things, and enlarge sounds for several times when touch any hard object, and the timbre surpass the ordinary sound box obviously, you can make any object to sing for you.

Skin: Streamline skin, feels soft and smooth. i-jerry is designed by the international renowned designers, owns the most popular streamline form with a mouse's dexterity for mouse year's fortune. It mixed science and technology and fashion designs. i-jerry will surprise you.

Food: I-jerry never picky for food because of its healthy body. i-jerry's capacity for food is very good! Any music carrier like CD, MD player, the notebook PC, music mobile phones, MP3, MP4, PSP, learning computer and so on, all give i-jerry delicious taste. You need not worry about its food, and it can serve you charming and fashion experience.
