Adjusting the Volume

When you are on the phone or listening to the music, press the volume button repeated until you reach the desired volume level.

Play/ Pause Music

When you play the music, press MFB once to play music and press it one again to pause music.

Last / Next Track Key

While the music playing, press the "Last Track" key " or "Next Track" key to select the songs.

Troubleshooting

If you are unable to connect your headset and mobile phone, please try the following:

- . Ensure your headset is turned off and is properly charged.
- . Ensure the headset is paired with your mobile phone.
- . Ensure your mobile phone's Bluetooth feature is activated. Please refer to your mobile phone used guide for specific instruction.
- . Ensure the headset is within a 10 meter range of your mobile headset and there are no obstructions, such as walls or other electronic devices in between.

If the above steps do not solve your problem, please recharge the headset and remove your mobile phone battery for a short time.
