1.1 Home

Press "Home" return to desktop

1.2 Menu

Press "Menu" browse Menu

1.3 On/Off

Press button "ON", you can turn it on or turn it off
- Press "ON", open the power. After it shows starting pictures, it will enter into Main Menu
- Press "ON" for 2 seconds, system will show options of MID:silence mode, flight mode, sleep mode, power off

1.4 Back

Press "Back" return to last interface

1.5 Charge lamp

When you are charging for it, the red charge lamp is light

1.6 Speaker

Speaker for audio output

1.7 24PIN USB adapter port

24pin to USB: it is used for external mouse, and external equipment etc
1. **reset**
   restart equipment and recover system

1. **9 T-Flash card slot**
   T-Flash: connect with external T-Flash memory card

1. **10 headphone slot**
   3.5mm standard headphone slot

1. **Packing and accessories**
   size of packing: 270×210×60mm
   Accessories: Userbook×Transfer cable×1 Piece of 24pin-transfer box

### 2 Power Button Usage

**Turn it on:** press “ON” for 2 Seconds.

**Turn it off:** press “ON” for 2 Seconds → click “power off” → click confirmation.

**Screen locking and opening:** press “ON” quickly, you can lock the screen or open the screen.

**Shut down by force:** if the equipment without any response, you can press “ON” for 5 seconds to shut it down by force.

**Note:** If it is necessary, we don't suggest use Force Off. You should follow the steps to perform the shutdown.

**Reset Button:** Press the reset button to reset the device. Reset will erase all data on the device, please caution this feature. (Note: Current the reset function can not be restart, so after reset you need to press the power button to re-boot.)

### 3 Touch-Screen Navigation

The touch-screen allows for quick, easy and convenient navigation for all applications.

★ The smaller the point that comes in contact with the screen, the more precise object selection can be. If you do not have long enough fingers nails to be used for precise tapping, we recommend using the stylus or non-sharp pointed instrument to increase the precision of navigation.

Throughout the User Guide, you are instructed to use the following tap or touch navigation methods:

- **Tap:** quick tap & release on an item on the screen.
- **Finger slide:** touch & slide your finger across the screen and then release.
- **Touch & hold:** touch and hold in place approx 2 seconds, and then release to display an options window.

★ To avoid scratching or crushing, do not place objects on the touch screen surface.

### 4 Transfer cable

You must use the transfer cable to connect with USB storage device (U-disk) for accessing/storing your photos, music or video files.

![Transfer cable](image1.png)

**U-Disk**
   Insert your U-disk into the transfer cable, → insert the transfer cable into the Tablet. When ready for use, it's OK.
   ★ Don't insert and remove the U-disk repeatedly in a short time, as this may cause damage to the U-disk.

The transfer cable can also be used as Ethernet network connections.

![Ethernet port RJ45-connect wire](image2.png)

### 5 Using microSD Card

★ The device supports a maximum 32GB microSD card.
   Insert your card into the microSD slot until it clicks into place. When ready for use, it's OK.

**Remove microSD Card**
   Use one of the following methods for moving the microSD card.
   Close all applications or documents which have been opened on the card.

   - Tap → Settings → SD card,U-disk & device storage → Unmount SD card. Press the card lightly; it is partially ejected allowing
you to pull the card out.

Don't insert and remove the U-disk repeatedly in a short time, as this may cause damage to the card.

We recommend using major brands of memory cards to avoid incompatibility.

6 Getting Started

Charge the device

- You cannot charge the battery using the USB cable.
- You can use the device while the battery is charging, although the charging time is longer when operating and charging at the same time.

Plug the power adapter into an electrical wall outlet, and then connect to the device to fully charge the battery before use (approx. 4 hours).

While charging, the battery indicator light is red. When fully charged, the battery indicator light is green.

Turn the device on press "ON" for 2 second.

Wi-Fi Network Setup

Since many features require a Wi-Fi connection, we recommend you set up your Wi-Fi network now.

1. Tap \[\text{Settings} \rightarrow \text{Wireless & network}\].
2. Select Wi-Fi to turn on.

The device automatically scans and lists all local Wi-Fi Network found. A \(\text{padlock}\) indicates secure networks that require login name/password to connect.

3. Tap the desired network to which you want to connect, \(\rightarrow\) enter the Network Password if applicable, \(\rightarrow\) tap Connect.
4. Tap \(\text{Back}\) to return to the Desktop screen.

★ If your Wi-Fi network is set as hidden, it won’t be found by the auto scan. Tap Add Wi-Fi network and follow the prompts to add your network.

7 SCREEN LOCK

Can be set to automatically lock screen or quickly press the power button to manually lock screen. Lock screen displays the following: press “ON”, lock screen by hand.
Tap the icon to enter My Photo to do slide show. And slide the track like the picture to unlock.

11 Application Management

Install Android Applications

There are many interesting and free Android applications that can be found on the web. Just launch your web browser and do a search for “Android applications”.

Purchased or free Android applications that you have downloaded to your computer can be installed quickly & easily on your Tablet using the File Browser application.

1. Copy the .apk files that you want to install onto a SD card or USB device, insert or connect to your Device.

2. Tap the File Browser application icon.

3. Tap or and locate the folder in which the .apk application files were saved.

4. Tap on a .apk file → Install.

The application is installed and the application icon is added to the Applications screen.
5. Tap Open to launch the application now, or tap Done to return to the File
Browser screen.

**Download Android Applications direct from a Website**
You can download Android applications directly from websites, and then quickly and easily install them on your device.
1. Tap the Web application icon to launch the internet browser.
2. Enter the desired website URL, and tap the download link for the
application you want to install on your device.
3. After the download is complete, touch & hold on the download file (in the
Download history screen), → tap Open → Install.

**Uninstalling Android Applications**
You can also quickly and easily uninstall the Android applications that you have
installed.
1. Tap → Settings → Applications → Manage applications.
2. Tap the application you want to uninstall, → Uninstall.
3. Tap OK to confirm the Uninstall.

---

**12 WmtWeather**
Tap the WmtWeather application icon.

**General setting**
You can set Temperature Unit(°C), Update frequency and Auto Wallpaper.

**My cities**
You can add city and set it to be my city.

You can make the weather displayed on the Desktop through adding widget. The
way is: tap → Add → Widgets → WmtWeather.

---

**13 CLOCK**
Tap the Clock application icon. You can see the time and date.

**Alarm**
You can use your device as an alarm clock by setting multiple alarms.

☆ This clock icon 🕰 displayed at the top of screens indicates that one or more alarms have been set and are active.

**Add Alarm**
1. Tap the Clock application icon.
2. Tap → Add alarm.
3. Set up your alarm as desired.
4. Tap Turn on alarm.
5. Tap Done.

**Shut Off Alarm Alert**
When a scheduled alarm is activated, a pop-up window with the alarm title
appears.
Tap Snooze if you want to be reminded again in 10 minutes.
Tap Dismiss to cancel the alert.

**Turn Alarm on**
On alarms that you have set to repeat, you may want to temporarily turn on
alarms rather than delete them.
1. In the Alarm screen, tap 🕰 on the alarm(s) you want to turn on.
2. Tap to turn on again.

**Edit Alarm**
1. Tap the Clock application icon.
2. Tap on the alarm you want to edit, → make desired edits.

**Delete Alarm**
1. Tap the Clock application icon.
2. Tap on the alarm you want to delete.
3. Tap → Delete alarm.

**Gallery**
Please refer to "24 GALLERY".

Tap 📷 to return to the Desktop screen.

---

**14 APP MARKET**
The App Market has many applications that you can quickly and easily download to your Tablet.

**Download Applications**

1. Tap the App Market application icon.
2. You can select applications from the default Featured group, by Categories, Top (latest, hottest, random), or search by name.
3. Tap on an application. → Download.
   - The first time, you are prompted for your App Market login information. If you have not yet registered an account, tap Register an Account.
   - Otherwise, enter your login information and tap Yes.
4. After the app is downloaded, tap Install.
5. Tap Open to launch now, or Done to return to the App Market screen.

**History**

After downloading apps, tap on History to manage the installed applications. You can add and/or view comments from other users, launch apps, and uninstall them.

**App Market Function Menu**

- Tap to display the App Market Function Menu.
- Profile
  - Tap to access your profile information. You can change your Password or Email address.
- Login/Logout
  - Tap Login to quickly launch the login dialog box to login to your account.
  - While logged in, tap Logout to exit your account.
- Settings
  - By default, applications that you download are saved in the internal memory. You can set the applications to save to your SD card if desired.
- About
  - Displays App store version and support information.

**15 BROWSER**

Users can connect to the Internet through a browser.

- Click the browser icon on the Desktop, and then you can open the Web browser:

**16 CALENDAR**

Tap the Calendar application icon. For the first time using the Calendar, you need to add an Exchange account. Enter account email address and password. Click Next and follow the prompts to complete the account configuration. Then you can use the Calendar.

**Add Event**

1. On the Calendar screen, tap on the date to which you want to add an event.
2. Tap on the event time, → tap in each entry field to enter the desired event information.
3. Tap Done.
4. Tap to select desired Calendar screen.
   - Dates with green bars indicate scheduled events.
1. Tap the ▶ Camera application icon.

2. Aim the top of the device at your intended subject, press to take the picture.
3. The picture will be saved.

Note: Please insert an SD card before using the camera.

Function Menu
- Tap Menu button to display the camera function menu.
- Switch to video
  - Switches to video mode, allowing you to immediately take a video rather than a picture.
- Gallery
  - Display all pictures you have taken with the camera.

18 CALCULATOR

1. Tap the ▶ Calculator application icon.
2. Tap the numbers and signs of operation to do the calculation.
3. Tap CLEAR to clear the result.

19 EMAIL

☆ POP3 and SMTP accounts are supported.

Add Email accounts
You can enter one or more personal email addresses that you would like to access through your Tablet.

1. Tap the ▶ Email application icon.
2. On the Your Accounts screen, tap Next.
3. Tap in the Email address entry field, press to enter your email address.
4. Tap in the Password entry field, press to enter your email password.
5. Tap Done.
6. Manual Setup (optional): The server settings are automatically populated based on your email account provider (i.e., gmail.com, etc.). However, if you need to change the server settings tap Manual Setup and make necessary changes.
7. Tap Next.
8. Optional: Enter a name for the account.
9. Enter name for outgoing message, press to tap Done.

☆ After setup, if you are unable to connect to a free email account, check with your email provider to make sure their servers support free accounts on Post Office Protocol (POP) or Simple Mail Transfer Protocol (SMTP).

Email Inbox
1. Tap the ▶ Email application icon.
2. If you set up only one email account, it opens immediately. If you set up multiple accounts, they are listed in the Accounts screen.
3. Tap on the desired email account, press to tap Inbox.

Open Email Message
1. On the Inbox screen, tap on an email to open it.
2. For attachments, tap Open to launch appropriate application, or tap Save to save attachment to a SD card.
3. To reply, tap Reply or Reply all.
   a. Tap in the Compose Mail entry field to enter your reply message.

Brightness: Tap & slide to adjust the screen brightness as desired, and then tap OK.

Auto-rotate screen: When selected, the orientation of the screen switches between Portrait and Landscape automatically when you rotate the device.

Screen timeout: Adjust the delay before the screen automatically turns off.

Suspend timeout: Adjust the delay before the device automatically suspends after the screen turns off.

Set up screen lock: Lock screen with a pattern, PIN, or password.

Visible passwords: Show password as you type.

Select device administrators: Add or remove device administrators.

Use secure credential: Allow applications to access secure certificates and other credentials.

Install from SD card: Install encrypted certificates from SD card.

Set password: Set or change the credential storage password.

Clear storage: Clear credential storage of all contents and rest its password.

Allow installation of non-Market applications.

Manage and remove installed applications.

View and control currently running services.

Set options for application development.

Tap to reset the device to its initial factory state, erasing all data and downloaded applications. Tap Reset Device to proceed with reset, or tap to cancel and return to previous screen. WARNING! The following will be erased during the factory reset:
- Google account
- System and application data and settings
- Downloaded applications

The factory reset will NOT erased:
- Current system software and bundled applications
- SD card files, such as music or photos

Total space, Available space: It values appears when a SD card is inserted in device.

Unmount SD card: When the SD card is inserted, tap it to safety remove the SD card.

Format SD card: N/A for this device.

Select language: Select the language and region according to your location.

Onscreen keyboard: Onscreen keyboard settings.

You can add words to a personal dictionary, words that may not be included in the default dictionary.

Set date: Set the date.

Select time zone: Select the time zone.

Set time: Set the time.

You can choose to use 24-hour format or 12-hour format.

You can select the date format.

View Status (Battery, Wi-Fi, etc), Battery use, Legal information, Model number, Android version, Kernel version and Build number.

Calibrate the touch screen.

Frequently Asked Questions

Android
Q: What Android OS version is on my Device?
A: 2.2

Basic Device Functionary
Q: Do I have to charge the battery before use?
A: You should charge the battery for at least 4 hours, but you can use the device while it's charging. Use the include power adapter to charge; this device does not charge via the USB cable.

Email
Q: Can I use any of my personal email addresses to send/receive email?
A: The device supports POP3 and SMTP accounts. Some free email accounts
Battery

are not supported on mobile devices. Check with your email provider to see if you account is supported.

Media Cards
Q: Which media cards are compatible with my Device?
A: micro SD cards.

Music
Q: What type of music files can I play on my device?
A: MP2, MP3, WAV, AAC, WMA

Q: How do I add music files to my device?
A: Copy the music files from your computer onto a SD card or USB storage device, and then use the File Browser application to copy the files into the device.

Photos
Q: What type of photo files can I view on my device?
A: JPG, JPEG, BMP and PNG.

Q: How do I add photo files to my device?
A: Copy the photo files from your computer onto a SD card or USB storage device, and then use the File Browser application to copy the files into the device.

Video
Q: What type of video files can I play on my device?
A: MPEG1/2/4, MJPG, H263, H264. In addition to H264 which is supported by (720 x 480) resolution, the other video formats are supported (1280 x 720) resolution.

Q: Can I play YouTube videos on my device?
A: Yes. You can tap the YouTube application icon to quick access videos.

Q: How do I add video files to my device?
A: Copy the video files from your computer onto a SD card or USB storage device, and then use the File Browser application to copy the files into the device.

Wi-Fi
Q: Do I need a Wi-Fi adapter to connect to the Internet?
A: No. The Wi-Fi adapter is built-in to the device.

Battery Management

The battery is not fully charged out of the box, so it is recommended that you charge the battery for at least 4 hours before you start to use the device.

The rechargeable battery is designed and manufactured to be used and recharged frequently. As with all batteries, the capacity of the battery reduces each time it is charged/depleted. However, you can still try to prolong the battery’s lifetime by following the suggestions below:

- Use your Tablet at least once a week.
- Charge the battery regularly and fully.
- Never leave the battery fully discharged for a long period of time.
- Always keep the device and the battery away from heat.

Charge battery

Plug the power adapter into an electrical wall outlet, and then connect to the device to fully charge the battery before use (approx. 4hour).

You cannot charge the battery using the USB cable.

When fully charged, the battery icon displays as: .

A fully discharged battery takes approximately 5 hours to fully charge, but you can use the device while plugged in when desired.

Important Safety Precautions

Always follow these basic safety precautions when using your Tablet. This reduces the risk of fire, electric shock, and injury.

- Do not expose this product to rain or moisture.
- Keep the device out of direct sunlight and heat sources.
- Protect the power cord. Route power cords so that they are not likely to be walked on or pinched by items placed on or against them. Pay particular attention to the point where the cord attaches to the device.
- Only use the AC adapter included with the device. Using any other power adapter voids your warranty.
- Do not remove the cover. There are no user-serviceable parts inside.

Clean your Device

Treat the screen gently. To clean fingerprints or dust from the screen, we recommend using a soft, non-abrasive cloth such as a camera lens cloth.
