Product Specifications

Product Name: Bluetooth Folding Keyboard
Model: IBK-03
Size: 324*106*11mm
Weight: 185g
Material: ABS
Keyboard: Standard QWERTY keyboard
Bluetooth: Bluetooth 3.0
Distance: 10M
Compatible with: Android/iOS/Windows
Li-Battery Capacity: 200mAh
Work Hour: 20H continuous use
Standby: 22days
Keyboard life: 1,000,000 times
Charging voltage: 5V
Charging current: 100mA
Sleep Current: 50uA
Working Current: 10mA
Working Peak current: 30mA

Product Features

- Compact Bluetooth 3.0 and BROADCOM BCM20730 Chipset.
- Screw/screw keys make typing effortless, QWERTY layout with dedicated function keys.
- Work with iOS, Android, Windows system Bluetooth-enabled tablets, laptops, and computers.
- Mini travel with keyboard sets, holding tablets PC.
- Built-in 200mAh rechargeable lithium battery, working Time: 20 hours
