

MIPOW

Hello, "I" am PLAYBULB™ from MIPOW.
Hope you enjoy "my" light and music.

PLAYBULB™

Bluetooth® Smart LED Speaker Light

"I" can play music from most
Bluetooth® wireless enabled devices
supporting A2DP. But LED control only
applies to Apple products with
Bluetooth® V4.0 and Android devices
running Android 4.3 or above.

Download and install PLAYBULB™ App onto
your mobile device to control "me".

Download on the
App Store

Compatible Apple devices:
iPhone 5S, iPhone 5C, iPhone 5,
iPhone 4S, iPad Air,
iPad mini with Retina display
iPad (4th generation), iPad mini,
iPad (3rd generation),
iPod touch (5th generation).

Download

Get it on
Google play

Works with most Android devices
running Android 4.3 or higher.

Download

E26/
E27

Please turn power off and screw "me"
into the E26 / E27 lamp socket.

Pairing

Please follow these steps to complete "my" first pairing:

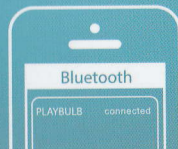

- ① Turn the light switch off.
- ② Turn the light switch on.
- ③ Initiate the *Bluetooth* search interface of mobile device to pair with "me" within 3 minutes.

Connection

If "I" have not connected with other device, you can directly select "PLAYBULB" to connect the *Bluetooth*, and "I" will make a "Beep" after connected.

After the device is out of "my" wireless range, "I" will automatically reconnect with it if it is back within 10 minutes. (In this period, "I" will not connect with other devices.)

Disconnection

Only need to turn "me" off or turn off *Bluetooth* on your device.

It is recommended to turn "me" off when not in use.

Switch

When you connect "me" with another device, please turn off the existing *Bluetooth* connection first.

What can the PLAYBULB™ App do?
Control "my" brightness;
Play, pause and switch music;
"Shake" function for light brightness;
PLAYBULB rename;
Set different Modes of operation.

Playlist - Select the music.

You can change the EQ of the speaker for audio playback from the App's main control screen.

Wake Up Mode - Light will turn on at a preset time and will play music.

Sleep Mode - Light will turn off at a preset time and music will turn off.

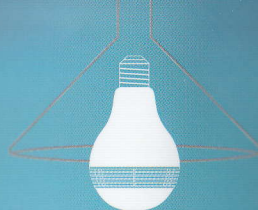

Night Mode - Light will go to a low level at a preset time, and music to preset volume.

Energy Saver Mode - Light will turn off at a preset time and music will remain unchanged.

Knob - Control brightness of light via on screen knob.

Safety Information

"I" am not suitable for use in totally enclosed housing.

"I" am not compatible with dimmable switches or light fixtures.

Please keep "me" far away from water or moisture.

Please operate "me" within the nominal mains supply of 100V to 240V AC, 50 or 60 Hz.

"I" am not a toy designed to be played with by children.

Do not place "me" on hot surfaces.

For safety reasons and under the terms of warranty, do not attempt to disassemble "me". Not for emergency lighting.

Before replacing, turn off light fixture to avoid shock and let "me" cool.

Long-term exposure to loud music may cause hearing damage. It is best to avoid extreme volume when listening to audio for extended periods.

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio / TV technician for help.

This equipment complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Caution

The manufacture is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user authority to operate the equipment.

The transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.

This equipment complies with the FCC RF radiation exposure limits set forth for an uncontrolled environment.

This equipment should be installed and operated with a minimum distance of 20cm between the radiator and any part of your body.

Warranty

“

PLAYBULB™ has standard one-year warranty from the date of original purchase. This limited warranty is valid only if the product is used for the purpose for which it was designed. It does not apply to damage or loss caused by accident; negligence; misuse; exposure to moisture; extreme temperatures; or other actions beyond the reasonable control of MIPOW.

MIPOW reserves the right to interpret the terms and conditions contained herein; and the right for any changes without prior notice.
