

## Description of parts

## Specification

Item	Description
Bluetooth specification	4.0(Headset/Hands-Free/A2DP Profiles)
Battery	Battery 3.7V/180mAh
Standby time/Talk time	UP to 300Hrs/UP to 10Hrs
Music play time	UP to 8 Hrs
Charging time	<2.0 Hrs
Operation temperature	-10°C ~ 60°C
Dimension/Weight	135.6mm(W) × 167.3mm(L) × 16.9mm(T) / 32g

## How to Use

### Pairing

- Before using the headset for the first time, you must pair it with a Bluetooth-enabled handset.
- To pair your headset with an additional handset, the headset must be placed in pairing Mode.
- There are 2 Pairing Mode Methods with the HBS-730

#### Easy Pairing(First Time Pairing)

1. Move the power switch to the 'ON' side to turn on the HBS-730. When the headset enters Pairing Mode, the LED indicator will show a solid blue light.
  2. Using your handset, find the Bluetooth Menu and "search for" or "add" new devices.
    - Select "LG HBS730" from the list of devices and pair it with your handset.
  3. If asked for the Pass/PIN code please enter "0000" (4 Zeros).
    - \*Note: if your handset supports Secure Simple Pairing (SSP), you will not need to enter Pass/PIN code.
- Once pairing has completed successfully, you will hear "Your headset paired"
4. Some handsets might ask for permission to access the phone's contact list. if you receive a message from your handset, please select "OK" or "Allow access"

## How to Use

- The HBS-730 will automatically turn off if not paired within 3 minutes  
**Manual Pairing(Pairing with another phone or re-pairing)**

- With the Power off, press the CALL button and move the power switch to the "ON" side at the same time for 1 second.
- When the headset enters Pairing Mode, the LED indicator will show a solid blue light. After the procedure repeat Easy Pairing steps 2 through 4.

#### Advanced Multipoint

The HBS-730 is capable of having two devices connected to the headset at the same time. This will give you the freedom of using call waiting between calls on both of your connected phones.

#### Connection

- Pair the headset with one of your Bluetooth-enabled handsets. (per the pairing instructions on page 2).
- Turn off the headset.
- With the Power off, press the CALL button and move the power switch to the "ON" side at the same time for 1 second to enter Manual Pairing mode.
- Now, pair and connect the headset with your other Bluetooth-enabled handset. (this will be your primary handset).

## How to Use

- Once this handset is paired and connected, go back and connect the originally paired hand set to the headset, this will now be your secondary handset.

### Auto Reconnect

- If the HBS-730 is turned off (either accidentally or intentionally) while connected to a handset, the headset and handset will disconnect. The headset and handset will automatically reconnect when the HBS-730 is turned back on while in range.
- Out of range**
- If the paired devices are separated by a range of 10 meters (33 feet) or more, the headset and handset will disconnect and HBS-730 will vibrate to alert.
- If the headset and handset do not automatically reconnect when they are back within the required range, briefly press the CALL button on the HBS-730 to reconnect manually.
- \* It is possible to use these functions only when your handset supports them. For further information about using these features, please consult your handset's user manual.
- While in multi-connection and streaming, non-streaming paired device which is out of range will be disconnected and HBS-730 will alert once and not try to reconnect.

### Controls

#### Power on/Power off

- Move the power switch to the 'ON' or 'OFF' side.

## How to Use

### Volume Control

- Briefly press the VOLUME button.

### Charging

- While charging, the LED indicator will show a solid red light.

### Low battery

- An announcement will be made once every 2 minutes.
- If the battery is not charged, the headset will turn off.

### Answering a call/Ending a call

- When there is an incoming call, the headset will ring and vibrate.
- Briefly press the VOLUME DOWN button to stop vibration.
- Briefly press the CALL button.

### Last number redial

- If you make a call from the handset, the call will (subject to phone settings) automatically transfer to the headset. If the call is not automatically transferred, you can manually transfer the call by press and hold VOLUME UP button for 3 seconds.

### Voice dialing

- Briefly press the CALL button to activate "Voice Command".
- Note: If the handset does not support Voice Dialing, it is possible that performing this action will activate last Number Redial.

## How to Use

### Transferring a call

- While on a call on your handset, press and hold VOLUME UP button for 3 seconds to transfer the audio either from headset to handset or from handset to headset.

### Call waiting

- Answer a second call without hanging up the first call by pressing the CALL button for 1 second (you will hear a beep). Press the Call button for 1 second to turn to the original call.
- Briefly press the CALL button to terminate the active call or both calls at once.

### Audio streaming

- **PLAY:** Briefly press the PLAY/PAUSE button.
- **PAUSE:** Briefly press the PLAY/PAUSE button.
- **STOP:** Press and hold the PLAY/PAUSE button.
- **NEXT SONG:** Briefly press the FF button.
- **PREVIOUS SONG:** Briefly press the REW button.
