- Do not repair the unit by yourself but contact an authorized specialist to help you.
Product Overview

Accessories included
1 pc USB charging cable
1 pc Carabiner

Charging Integrated Battery
This Bluetooth speaker is powered support by integrated rechargeable Lithium Battery.
Charge the battery as follows:
1. Insert the charging cable into the DC 5V socket on the unit. Connect the USB plug into a PC or AC/DC adapter. The LED indicator turns red and the battery is being charged.
2. When the battery is fully charged, the red LED indicator goes out.

Pairing 2686 to Mobile phone or other device
Activate the Bluetooth speaker pairing mode by button and then there is a voice reminder saying: Enter to Bluetooth, the blue LED is flashing, means the speaker is ready for pairing.
Switch off the mobile phone Bluetooth, the speaker will says: Bluetooth canceled.

Tips:
Please make sure the speaker is in power off mode when you are trying to activate the pairing mode.
1. Turn on your mobile Phone and activate the Bluetooth function.
2. Search for Bluetooth devices, 2686 will show up.
3. Pair your device with 2686, If password is needed, type in "0000", after 2686 is paired with your device, voice reminder says: Bluetooth connected, means the speaker had connected with your device.

Tips:
Once this speaker is paired and connected to your mobile phone, next time when you switch on this speaker, it will connect to your mobile phone automatically as long as the Bluetooth in your mobile phone is on.
