# Instructions (English)

STEP 1

Press the Power button for 3 seconds. A prompt sound of "Do" appears, and the indicator flashes in blue as the speaker searches for a Blue tooth-enabled device.

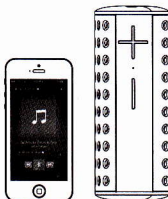

STEP 2

Turn on your device's Blue tooth (refer to your device's user's guide).

STEP 3

When **MOSOUND Bar** appears in the Blue tooth devices list, pair it with your device.

STEP 4

You can control your speaker through your device or with the speaker's buttons.

Please refer to http://mocreo.com for more detailed user's guide.
