## Welcome

Thank you for choosing the Bluetooth Speaker Magic Lamp. We hope you will enjoy it!

Please read the following manual carefully before using the product and be sure to keep it in a safe place for future reference.

## Overview

## Features

- A new creative 2-in-1 design, which combines LED light with Bluetooth audio speaker, it can be used for both playing music and lighting.
- Adopts E27 lamp base, just plug and use, very easy to operate.
- Package includes a remote control. Comfortable hand feeling and easy operation. Both light brightness and music volume are adjustable. Music previous & next, play & stop switching.
- High brightness and low power consumption. Energy saving and environmental protection.
- Bluetooth speaker is suitable for all kinds of products with Bluetooth.

## Operation

- ❶ The Magic Lamp adopts E27 lamp base, just screw into any medium base light socket, no wiring needed.
- ❷ Plug into the socket and turn on Power switch, you will hear a du sound, meanwhile, the light will be on.
- ❸ Turn on your device' s Bluetooth (refer to your device' s user' s guide).
- ❹ When LED-BT-Speaker appears in the Bluetooth devices list, pair it with your device.
- ❺ You can control your Magic Lamp through your device or the remote control.

⚠ When you use the remote controller, please make sure the IR Transmitter aim at the IR receiver on the speaker, or the remote controller might not be working properly.
