## Welcome To Use A8

Thank you for choosing A8. The phone supports the GSM and CDMA including call functions, SMS, MMS, audio and video, camera, Bluetooth, WIFI, GPS and other functions as the ordinary phone has. Meanwhile, A8 is based on Android 4.0 platform initiated by Google, the platform is open to all and these are vast apps to download, so it can greatly improve the value of mobile phones and maximize different needs for your work, study and life.

### For your safety

Read these simple guidelines. Not following them may be dangerous or illegal. Read the complete user guide for further information.

#### SWITCH ON SAFELY

Do not switch the phone on when wireless phone use is prohibited or when it may cause interference or danger.

#### ROAD SAFETY COMES FIRST

Obey all local laws. Always keep your hands free to operate the vehicle while driving. Your first consideration while driving should be road safety.

#### INTERFERENCE

All wireless phones may be susceptible to interference, which could affect performance.

#### SWITCH OFF IN HOSPITALS

Follow any restrictions. Switch the phone off near medical equipment.

#### SWITCH OFF IN AIRCRAFT

Follow any restrictions. Wireless devices can cause interference in aircraft.

#### SWITCH OFF WHEN REFUELING

Do not use the phone at a refueling point. Do not use near fuel or chemicals.

#### SWITCH OFF NEAR BLASTING

Follow any restrictions. Do not use the phone where blasting is in progress.

#### USE SENSIBLY

Use only in the normal position as explained in the product documentation. Do not touch the antenna unnecessarily.

#### QUALIFIED SERVICE

Only qualified personnel may install or repair this product.

#### ENHANCEMENTS AND BATTERIES

Use only approved enhancement and batteries. Do not connect incompatible products.

#### WATER-RESISTANCE

Your phone is not water-resistant. Keep it dry.

#### BACK-UP COPIES

Remember to make back-up copies or keep a written record of all important information stored in your phone.

#### CONNECTING TO OTHER DEVICES

When connecting to any other devices, read its user guide for detailed safety instructions. Do not connect incompatible products.

#### EMERGENCY CALLS

Ensure the phone is switched on and in service. Press the end key as many times as needed to clear the display and return to the start screen. Enter the emergency number, then press the call key. Give your location. Do not end the call until given permission to do so.

**Note:** The images of the user guide is only for reference purpose, Please in kind prevail.
