**Power supply:** AC110-240V 12V  **Built-in Battery:** 1800mAh

**Total output Power:** 2 watt  
**Device Size:** 113*60*31mm  **Package Size:** 209*52*86mm  
**Net Weight:** 0.275Kg  **Gross Weight:** 0.775Kg  
**System:** Nextel, Wi-Fi, AMPS, TACS, NMT, GSM, DCS, CDMA, PDC, TDMA, PHS, IDEN, W-CDMA, UMTS, 3G  
**Built-in battery time:** 90minutes  
**Temperature:** -10°C to +50°C

### American Standard

**High Power Handheld Signal Jammer (For worldwide all Networks)**

**User Manuals of Cellular Phone Wi-Fi Signal Jammer**

**Mobile Signal Jammers partial applications**
- Police and Meeting Room
- Security Services
- Military Units
- Prisons
- Banks
- Churches
- Conference Rooms
- Classrooms
- Secret Services
- News Conference Rooms
- Libraries
- Museums
- Customs
- Houses

---

**Technical Feature**

Taking use of super-high frequency and mini-power interference technology, high efficiency.

Effectively making subsections. Just interfering downlink and no interception on the base station.

Extreme portability. The weight for machine itself and antenna are just 0.35KG.

Slow start up design of circuit. These elements can maintain the stable operation condition with high integration.

---

**Note:**

1. Be sure to connect all the antennae before the power supply is switch on.
2. When you get the device in the first time, recharge the device only after the power is used out. To prolong the lifespan of the device, try to recharge it no less than 12 Hours.
3. Any sealed mark on the machine teared are void.
4. Don't put the jammer in the water and fire to avoid using in the bad, Condition of over-wet, over-hot, high voltage and high magnetism.
5. Antennae shall be used vertical to the ground, working more efficiently.
