### 2.3 Features

- **Camera:** 12 MP / 5.0 APSC
- **GPS:** Yes
- **Map:** Yes
- **Wi-Fi:** Yes
- **Bluetooth:** Yes
- **Audio:** Yes
- **Video:** Yes
- **Photo:** Yes

### 2.4 Additional Options
- **SD Card:** Yes
- **USB Port:** Yes
- **Microphone:** Yes
- **Speaker:** Yes

### 2.5 Accessories
- **Battery:** Yes
- **Charger:** Yes
- **USB Cable:** Yes
- **Car Charger:** Yes
- **Protective Case:** Yes
- **Cleaning Cloth:** Yes

### 2.6 Accessories (optional)
- **Headphones:** Yes
- **Power Bank:** Yes
- **Car Mount:** Yes
- **Remote Control:** Yes

### 2.7 Maintenance
- **Cleaning:** Wipe with a soft cloth.
- **Storage:** Keep in a cool, dry place.
- **Battery:** Charge when necessary.
- **Software Updates:** Regularly update the software.
Chapter Three

3.1 Power Supply and Charging

**NOTE:** Do not attempt to remove the battery or open the device while the device is turned on.

The device requires a power supply and charging. The device should be charged when connected with USB cable. The charging port is located on the back of the device. The device should be charged for at least 4 hours before first use. After charging, you can use the device immediately.

- **Power Supply:**
  - Micro USB cable
  - AC adapter

- **Charging Time:**
  - 4 hours

**NOTE:** Do not touch the device while charging. Avoid direct sunlight or high temperatures during charging.

- **Safety:**
  - Ensure the power adapter is fully charged before charging the device.
  - Do not use damaged power cables or adapters.
  - Do not use the device when charging is complete.

- **Battery Life:**
  - Average: 10 hours

- **Charging Port:**
  - Micro USB

**Technical Features**

- **Screen:**
  - 3.5 inches
  - Resolution: 480 x 320 pixels

- **Processor:**
  - Quad-core

- **Operating System:**
  - Android 5.0

- **Memory:**
  - 8GB internal storage

- **Camera:**
  - Rear: 5MP
  - Front: 2MP

**Usage:**

- Use the device for general purpose, such as reading, browsing, and entertainment.
- Avoid using the device for extended periods of time.
- Keep the device away from water, dust, and shock.

**Maintenance:**

- Keep the device clean and dry.
- Avoid exposing the device to extreme temperatures.
- Do not attempt to disassemble or modify the device.

- **Warranty:**
  - 1 year

- **Support:**
  - Customer service: 1-800-123-4567
  - Visit our website for more information.
3.1. Place the System

Position the straps around your wrist and place the system onto the designated area. Ensure that the system is securely attached and comfortable to wear.

3.2. Power On/Off

Press the power button to turn the system on. The system will vibrate to indicate that it is powered on. Repeat the process to power off the system.

3.3. Calibration

Calibrate the system according to the manufacturer's guidelines. This process ensures accurate readings and proper function.

3.4. Monitoring and Maintenance

Regularly check the system for any signs of wear and tear. Follow the manufacturer's instructions for cleaning and maintenance to ensure optimal performance.

3.5. Adjustments

Adjust the straps as needed to provide additional support or comfort. The system is designed to be adaptable to various user sizes and requirements.

3.6. Safety and Caution

Always use the system within the recommended parameters and follow the manufacturer's safety guidelines. In case of any emergencies, refer to the emergency procedures provided by the system.
the data in case of SD card reading failure.
