

1. Unpack “SP_Flash_Tool_v3.1224.01” run “Flash_tool.exe”

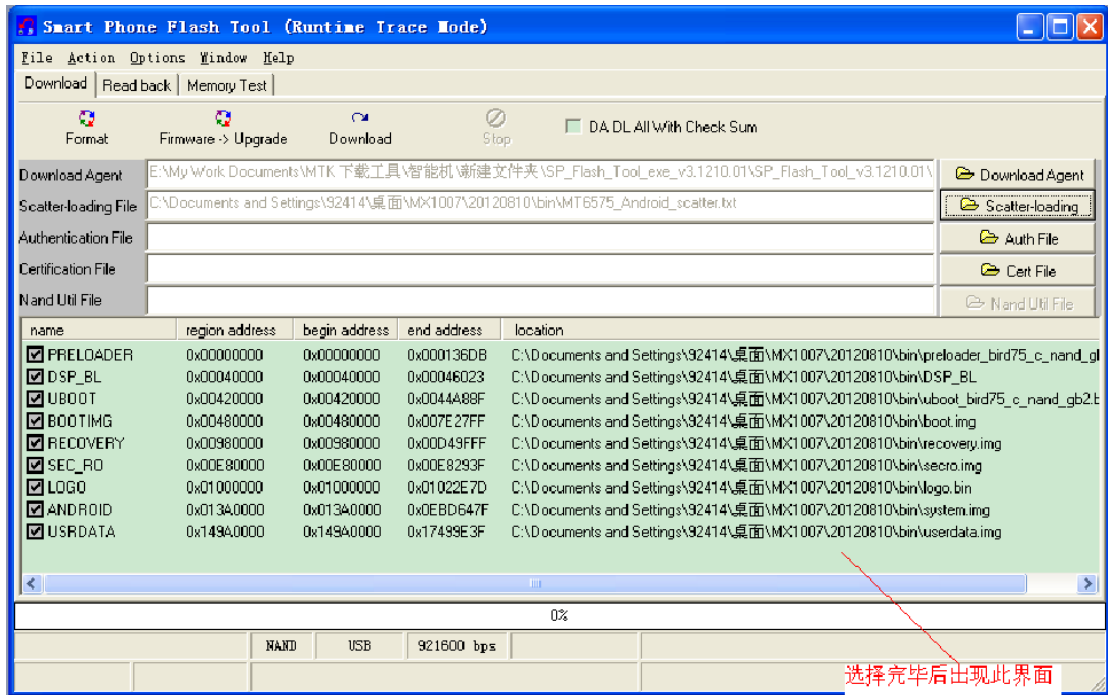

2. click “scatter-loading”

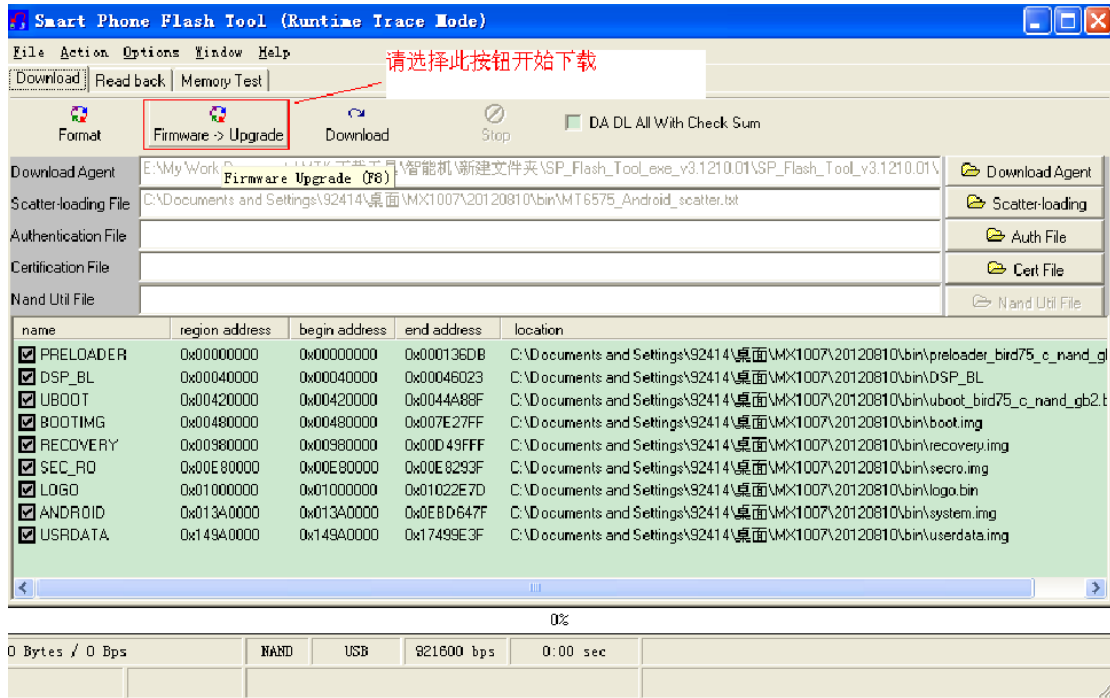

4.

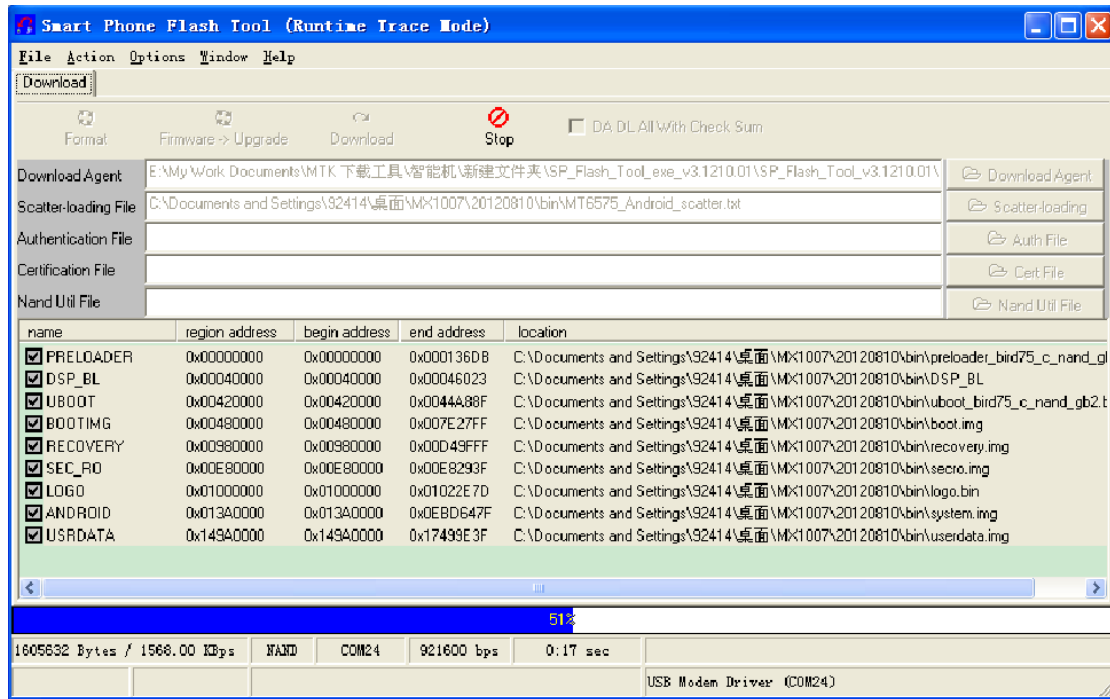

5.

6 Connect powered off Phone and PC

7.

9.Finish

The screenshot shows the 'Smart Phone Flash Tool (Runtime Trace Mode)' interface. A 'Firmware Upgr...' dialog box is overlaid on the main window, featuring a large green progress ring. The main window displays a list of components to be flashed, with checkboxes for each. A progress bar at the bottom indicates the current status of the flashing process.
